### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, after the title, --This application is a 371 of PCT/JP99/06172 filed on November 05, 1999 and claims foreign priority to Japan 10-316172 filed on November 6, 1998-- was inserted.

The following is an examiner's statement of reasons for allowance: The prior arts fail to teach a biotin-avidin-biotin complex comprising at least two biotinylated substances which are the same or different, and a crosslinked avidin sandwiched therebetween, wherein said crosslinked avidin consists of an avidin monomer or an avidin polymer having intermolecular crosslinkages between two or more avidin monomers, wherein each of said avidin monomers has intramolecular crosslinkages between avidin subunits, and wherein only the avidin portion of the complex is crosslinked.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
